Safety and Security Policy

Introduction

It is Elite Academy's policy to provide a safe campus environment for students.

The Clery Act was advocated by Howard and Connie Clery after their 19-year old daughter Jeanne was raped and murdered in her dorm room at Lehigh University in 1986. Clery's parents lobbied Congress for legislation requiring colleges and universities to publish their crime statistics after learning about 38 violent crimes that had occurred on campus in the three years prior to Clery's murder.

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, is a federal law that requires colleges and universities to disclose certain timely and annual information about campus crime and security policies. All public and private institutions of post-secondary education participating in federal student aid programs are subject to it. Campuses that fail to comply with the act can be penalized with large fines and may be suspended from participating in the federal financial aid program.

Annual Security Report

Elite Academy's Operations Director is the Campus Security Authority (CSA) and has received training as such. The Operations Director collects and maintains a log of all crime statistics occurring on Elite Academy's campus. These statistics are reported to the Department of Education annually before October 1st.

Postsecondary institutions are required to disclose the number of instances in which certain specific types of crimes have occurred in any building or on any property owned or controlled by this institution that which is used for activities related to the educational purpose of the institution and/or any building or property owned or controlled by student organizations recognized by this institution. Elite Academy's (Elite) Leases do not include parking therefore, the parking lots are not a part of the on campus geographic report area. This campus does not have any public geographic areas to report. Elite does not own or control any off-campus buildings.

Each year, the Operations Director provides the Annual Security Report to all students and staff of Elite Academy via email. The report is updated on Elite Academy's website and printed copies are made available upon request.

Reporting of Crime or Emergency

Any emergency involving a threat to life or property should be immediately reported to 9-1-1. This event should then be reported to the Campus Security Authority. Non-emergencies should be reported to the campus CSA as soon as possible.

Confidential Reporting

If you are the victim of a crime and do not want to pursue action within the institution system or the criminal justice system, you may still want to consider making a confidential report. With your

permission, the CSA can file a report on the details of the incident without revealing your identity. The purpose of a confidential report is to comply with your wish to keep the matter confidential, while taking steps to ensure the future safety of yourself and others.

With such information, the institution can keep an accurate record of the number of incidents involving students, determine where there is a pattern of crime with regard to a particular location, method, or assailant, and alert the campus community to potential danger. Reports filed in this manner are counted and disclosed in the annual crime statistics for the institution.

Elite will, upon written request, disclose to the alleged victim of a crime of violence, or a non-forcible sex offense, the results of any disciplinary hearing conducted by the institution against the student who is the alleged perpetrator of the crime or offense. If the alleged victim is deceased as a result of the crime or offense, we will provide the results of the disciplinary hearing to the victim's next of kin, if so requested.

Sexual Offense Policy

Elite strictly prohibits the crimes of dating violence, domestic violence, sexual assault, and stalking.

Elite seeks to promote awareness amongst staff and students concerning the crimes of dating violence, domestic violence, stalking, and sexual assault, to better equip the community to prevent these crimes, to promote safety, to respond appropriately when these types of crimes are reported, and to provide meaningful assistance and resources to victims.

Specifically, Elite provides training to new students in new student orientation, and to new employees within 90 days of hire. These training sessions will cover, but will not be limited to, the following topics:

- What constitutes dating violence, domestic violence, stalking, and sexual assault as defined below (See "Crime Definitions");
- What constitutes "consent" in reference to sexual activity;
- Ways to reduce the risks of these crimes;
- The importance of bystander intervention — and safe and positive options for engaging in bystander intervention;
- The procedures Elite will follow when one of these crimes is reported; and
- Positive and healthy behaviors that foster healthy, mutually respectful relationships and sexuality.

What to Do if You Are a Victim

If you are a victim of a sexual assault at this institution, your first priority should be to get to a place of safety. You should then obtain necessary medical treatment. It is important for those who believe they have been subjected to the crimes of dating violence, domestic violence, stalking, and/or sexual assault to preserve evidence of the criminal behavior as it may be critical in proving the crime and/or obtaining a protective order. Victims of domestic violence, dating violence, and sexual assault may choose to go to the hospital where they can receive a medical examination to treat injuries — or, in the case of sexual assault, address concerns about sexually transmitted diseases and pregnancy.

In addition, evidence can be collected that can be critical in documenting the injuries and/or proving the identity of the assailant. In Seeking out such an examination, a victim will not be required to file a police report; however, if such a victim ultimately decides to make a report, seek a protective order, and/or pursue criminal charges, such medical evidence may prove valuable. Victims of stalking are likewise urged to preserve evidence of the stalking conduct. Such evidence may include, but is not limited to, text messages, other relevant smart phone data or social media activity, and photographs and audio recordings. Elite strongly advocates that a victim of sexual assault reports the incident in a timely manner. Time is a critical factor for evidence collection and preservation. An Assault should be reported directly to local police and to the Campus Directors.

Filing a police report will:

- ensure that a victim of sexual assault receives the necessary medical treatment and tests, at no expense to the victim
- provide the opportunity for collection of evidence helpful in prosecution, which cannot be obtained later (ideally a victim of sexual assault should not wash, douche, use the toilet, or change clothing prior to a medical/legal exam)
- By contacting the police department, the student is assured they have will have access to free confidential counseling from counselors specifically trained in the area of sexual assault crisis intervention. Elite will assist the student in notifying the authorities, if the student requests our assistance.
- Elite has no on campus counseling or mental health services.

The following off campus services are provided by local Agency's:

- Central Washington Comprehensive Mental Health 509.575.4084
- Lower Valley Crisis and Support Center Hotline 509.837.6689
- Rape Crisis and Victim Services Hotline 817.927.2737
- YWCA 509.248.7796

Procedures for campus disciplinary action in cases of an alleged sex offence

If a student wishes to change their academic situation after an alleged sex offense, the institution will explain all the options to the student and use every possible avenue to make the changes requested. The accused and the victim will each be allowed to choose one person who has had no formal legal training to accompany them throughout the disciplinary proceeding. Both the victim and accused will be informed of the outcome of the hearing at the same time and by an email notification. A student found guilty of a sex offense-related disciplinary proceeding could be criminally prosecuted in the state courts and may be expelled from the institution

Advising the Campus Community About Sex Offenders

Upon release from prison, individuals convicted of sex crimes may be required to register with law enforcement agencies (under laws referred to as "Megan's Laws"). If registered sex offenders are enrolled at, or employed at a postsecondary institution, the offenders also must provide this

information to the state. The state then provides the information to campus police departments or to other law enforcement authorities in the jurisdiction where the institution is located. The Washington sex offender database can be accessed at:

Security of and access to all campus facilities

Programs designed to inform students about campus security

The institution does not offer regularly scheduled crime awareness or prevention programs. Students are informed during Orientation of the campus security policies and procedures. Staff and students are encouraged to park in well-lit areas of the parking lot and never be alone when entering or exiting the schools during non-daylight hours. Students are encouraged not to bring valuables to the school, and to never leave personal items unattended. Students are asked to be watchful for any suspicious behavior on campus and report it immediately to the appropriate staff member. Elite Academy does not have any officially recognized student organizations with off-campus locations.

Drug and Alcohol Policy

The possession, use or sales of alcoholic beverages and/or illegal drugs are prohibited on campus at all times. The School will enforce all Federal and State drug laws and underage drinking laws. Information Concerning drug and alcohol abuse education program is posted on our website and is distributed annually to students and staff.

Student Alcohol and Drug Abuse Prevention

As required by the Drug Free Schools and Communities Act of 1989, which added section 1213 to the Higher Education Act, and implemented at 34 CFR Part 86, we have adopted and implemented a drug and alcohol prevention program for our students that at a minimum includes:

- Standards of conduct that clearly prohibit, the unlawful possession, use, or distribution of illicit drugs and alcohol by student and employees on its property or as a part of its activities.
- A description of the applicable legal sanctions under, State or Federal Law for the unlawful possession or distribution of illicit drugs and alcohol
- A description of the health risks associated with the use of illicit drugs and the abuse of alcohol.
- A clear statement that the institution will impose disciplinary sanctions on students consistent with local, State and Federal law, and a description of those sanctions, up to and including expulsion and referral for prosecution, for violation of the standards of conduct.

Policy regarding emergency response and evacuation procedures

Elite Academy is required to immediately notify the campus community upon confirmation of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or employees occurring on the campus. An “immediate” threat as used here encompasses an imminent or impending threat such as an approaching forest fire, as well as a fire currently raging in one of the buildings. Some other examples of significant emergencies or dangerous situations are:

- Outbreak of meningitis, norovirus or other serious illness
- Approaching tornado, hurricane or other extreme weather conditions
- Earthquake
- Gas leak
- Terrorist incident
- Armed intruder
- Bomb threat
- Civil unrest or rioting
- Explosion
- Nearby chemical or hazardous waste spill.

Notification Process

The procedures the institution will use to immediately notify the campus community upon the confirmation of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or employees occurring on the campus is as follows:

- For students on campus the notification will depend on the emergency but will generally, include physical or verbal communication with instructors and students.
- When time allows, the CSA/Operations Director will verify the emergent situation by consulting the appropriate authority. These authorities include but are not limited to: local police, fire, Department of Health, strip mall owners/managers, television news reports, visual affirmation and witness accounts. The method used will depend on the type of emergency.
- Once evacuated, locked down, or sheltered in, the Operations Director, if they did not have time beforehand, will call the appropriate authority to inform/be informed, and verify the emergent situation. The Operations Director will determine how to proceed and decide what information to include in the notification to students on campus and in the email to all students, and staff, unless issuing a notification will, in the professional judgment of responsible authorities, compromise efforts to assist a victim or to contain, respond to or otherwise mitigate the emergency. If it is determined that the emergency is likely to affect the community the Operations Director will notify the proper authority. This includes but is not limited to utility companies, police, fire, health department, and local government offices. Elite’s campuses are small and any emergency will affect all areas of that campus and notification will be campus-wide.

Emergency Procedures

1. **Evacuation** The evacuation procedure is most appropriate when, in the judgment of the campus director, persons present in the campus during the Emergency are best protected by exiting the facility. Examples of such situations may include a fire, gas leak, or bomb threat. In an Evacuation, the Campus director will utilize the verbally alert instructors and students. The location of the safe area where staff and students should assemble to await further information is in the parking lot near the Red Robin restaurant located in front of the building. The instructor will ask all occupants to remain in the safe area until further notice. The Operations Director will leave the building only after confirming that all building occupants have exited the facility. Upon ensuring that all building occupants are accounted for and in the safe area, the Operations Director will then proceed with the above-mentioned notification process.
2. **Lockdown** The lockdown procedure is most appropriate when, in the judgment of the Emergency Response Team, persons present in the campus during the Emergency are better protected by remaining in the building (rather than evacuating the facility) and securing the campus to prevent entry by one or more individuals outside. Examples of such situations may include an active shooter or a terrorist incident in the surrounding community, or civil unrest and rioting. In a lockdown, the Operations Director will provide verbal notice to all occupants in the building of the need to lockdown, the reason for the lockdown, and the location of the safe area where they should assemble to await further information. This safe area for each campus will be predetermined. The Campus Director will ask all building occupants to remain in the safe area until further notice, and he or she will enter the safe area upon confirming that all building occupants are in the safe area. The campus director will then proceed with the above-mentioned notification process.
3. **Shelter-in-Place** Similar to the lockdown scenario, the Shelter-in-Place Procedure is most appropriate when, in the judgment of the Emergency Response Team, persons present in the campus during the Emergency are best protected by remaining in the campus or designated portions of the campus. However, Shelter-in-Place procedures are intended for threats posed by nature (such as a tornado or hurricane) and do not necessarily require that the facility be secured to prevent entry by outsiders. In this scenario, the Campus Director will provide verbal notice to all occupants in the building of the need to Shelter-in Place, the reason, and the location of the safe area where they should assemble to await further information. If Possible, this safe area should be an area of the campus that is free of or far from windows. The Campus Director will ask all building occupants to remain in the safe area until further notice, and he or she will enter the safe area upon confirming that all building occupants are in the safe area. The campus director will then proceed with the above-mentioned notification process.

Procedures for Testing Emergency Response and Evacuation Procedures

A scheduled emergency drill and exercise is performed at a minimum annually at all campus and a log is kept by each campus director which includes:

- A description of the exercise (i.e., the test).
- The date the test was held.
- The time the test started and ended.
- Whether the test was announced or unannounced.

A drill is a single activity that tests a single procedure such as a lockdown or evacuation exercise is a coordination of efforts such as a test of first responders such as police or firefighters. Following the drill/exercise the students and staff will be directed to fill out an Emergency Response Survey. The

survey will assess emergency plans and capabilities and have measurable goals. The Operations Officer will then review this information to determine if these goals were met.

Security of and access to all campus facilities

Employee and student access at all campuses is through the main entrance and alternate doors on the east side of the school. All doors are locked at 6:30 pm. At the end of the day, the Floor Instructor will inspect the building to make sure it is empty and doors are secured. When the night class is in session, all doors remained locked and are only opened when students need to exit.

Crime Alerts in the Case of a Non-Emergency, but Continuing Threat

The following procedures apply in the case of certain criminal incidents which do not pose an emergency requiring use of the Emergency Procedures outlined above, but which may nonetheless pose an ongoing threat to the campus community. Elite Academy will provide timely warnings of reported criminal incidents ("Crime Alerts") when it determines: (1) that the reported incidents represent a continuing threat to students and employees of the campus; and (2) that sufficient detail is available to include in the Crime Alert so that the alert may aid in the prevention of similar crimes. The Campus Director in each campus carries the primary responsibility to report a criminal incident that may pose an ongoing threat to students, staff and guests of the campus by contacting the Chief Operations Manager who will sent a blast email to students and staff and post on the website. This communication will briefly describe any detail known about incident, including the date and location. The decision of whether a Crime Alert is appropriate will be determined jointly by the Operations Director and the President of the school.

Campus Security Education

Elite Academy will conduct campus security training at least annually for:

- Campus Security Authorities,
- Other campus staff
- Students, to be conducted by the Registrar at student orientation.

This training will cover, amongst other topics, campus security practices and procedures.

In these sessions, students and employees will be encouraged to be responsible for their own security and the security of others, and Elite Academy will discuss common-sense ways to help prevent crimes.

Screening Questions

Please answer these questions carefully. The answers you provide will determine which screens you will be asked to complete for this data collection.

1. Does your institution provide On-campus Student Housing Facilities?

- ☒ No.
- ☐ Yes. (If Yes is selected, you must enter the number of student housing facilities below and enter Fire Statistics for each facility.)

Number of On-campus Student Housing Facilities:

0

2. Does your institution have any noncampus buildings or properties?

- ☐ Yes
- ☒ No

3. Have you combined statistics that you received from the local or state police with your institution statistics for this report? If you answer No to this question, you will be asked to provide the data you received from the local and state police separately.

- ☐ Yes. Local and/or state law enforcement agencies provided us with statistics that we are combining with statistics collected by our campus security authorities.
- ☐ No. We are not combining the statistics because we cannot determine whether the statistics we obtained from local and/or state law enforcement agencies are for on-campus incidents or public property incidents.
- ☒ Not available. We cannot determine if the statistics we obtained from local and/or state law enforcement agencies are for our Clery geography.
- ☐ Not available. We made a good-faith effort to obtain statistics from local and/or state law enforcement agencies, but the agencies did not comply with our request.
